## D1' SCALAR ENERGIZED ALKALINE STICK FEATURES

### Alkalinity

D1' Alkaline Stick turns ordinary drinking water (pH 7) into Ionized Mineral Alkaline water (pH 9-10) which can assist the body to Dissolve acid waste, Neutralize over acidity, Detox and Improves the body's weakened immune system. Acidity accumulation in the body is one of the main cause of many illnesses and chronic ailments. Ionized Mineral Alkaline water from D1' Alkaline Stick can quickly neutralize the toxins, maintain acid-alkaline balance, and help to relieve diseases associated or caused by over acidity e.g. eczema, osteoporosis, cancer, cardiovascular disease, premature ageing, loss of hair, mental health problems, liver disease, kidney failure, psoriasis, fatigue, PMS, mood disorders, obesity, diabetes, etc.

### Powerful Anti-Oxidant

The oxidation reduction potential (ORP) is the electrical potential needed to reduce or slow down oxidation which causes aging process. Negative value of ORP in the water indicates the presence of anti-oxidant capacity. The higher the Negative ORP value of the water, the more anti-oxidant capacity it contains. Anti-oxidants are essential for proper functioning of the body immune system. Anti-oxidants have Anti-Aging effect because they are scavengers of free radicals. The best anti-oxidant is the one that is most bio-available with the greatest electron donating capacity. D1' Alkaline Stick transforms ordinary drinking water into Powerful Antioxidant with a value of -180mV to -200mV ORP which can neutralize free radicals that causes diseases such as Cancer, Cardiovascular disease, Arthritis, Alzheimer, Parkinson's disease, etc.

### Advanced Scalar Technology (AST)

D1' Alkaline Stick stands out amongst all other similar alkaline stick as it is specially enhanced & embedded with Scalar Energy using Advanced Scalar Technology (AST). The Scalar Energy in D1' Alkaline Stick transform ordinary drinking "dead" water into activated energized "living" water. This activated living water possesses the transferred scalar energy that has been reported to be able to bring about many benefits such as enhancing blood circulation, increasing the body energy, reducing inflammation, slowing down aging process, unclumping of blood cells and strengthening of the body's bio-field to name a few. Millions of people around the world are already enjoying the benefits from scalar energized products.

### Rich Essential Minerals

Minerals are essential for good health. The body utilizes over 80 minerals for maximum function. Because our plants and soils are so nutrient depleted, even if we eat the healthiest foods, we are often not getting all the minerals we need. The minerals which the body need at high levels includes Ca (calcium), Mg (Magnesium), Na (Sodium) and K (Potassium). The filter in D1' Alkaline Stick contains 5 main elements i.e. Tourmaline Stone, Zeolite Stone, Maifanshi Stone, Muyu Jade Stone, Nano Silver Powder & Clay. The combinations of these stones releases negative ions & essential minerals such as Calcium, Magnesium, Sodium and Potassium into the Ionized Alkaline water which are beneficial in maintaining good health.

### Micro Clustering & Super Hydration

Water comes in clusters of molecules contrary to single molecules. The ordinary drinking water contains very large clusters of up to 15 molecules. Micro clustered water is water that comes in much smaller clusters of as little as 5 molecules in a cluster, and these make the water to have excellent hydration, solubility and permeability properties. D1' Alkaline Stick turns ordinary drinking water with large molecules clusters into smaller clusters (micro-clustering) resulting in greater cellular permeability. Super cellular hydration and overall body revitalization. The micro clustered water molecules are able to increase the supply of nutrients to cells and tissues as well as helping the body to release toxins and promotes good health. Enduranced are enhanced and recovery time from strenuous exercise can be reduced.

### **Sang Whang**

*Scientist, Inventor &  
Author of "Reverse  
Aging"*

"Drinking healthy Alkaline water can help our body dissolve acid wastes and makes it easier for the body to dispose of them safely. Since the accumulation of acid wastes is aging, the reduction of acid wastes is reverse aging. Alkaline water is not a medicine to cure any disease. However, if consumed regularly, alkaline water helps to gradually reduces the accumulated acid wastes. As a result of acid reduction, there are many reports of natural health improvement in Japan."

### **Dr. Susan Lark, M.D**

*University Lecturer  
and Author of "The  
Chemistry of Suc-  
cess"*

"Drinking four to six glasses of alkaline water a day will help to neutralize over acidity and over time will help to restore your buffering ability. Alkaline water should be used when conditions of over acidity develop, such as cold, flu or bronchitis..., alkaline water acts as an antioxidant because of its excess supply of free electron. This can help the body against the development of heart disease, stroke, immune dysfunctions, and other common ailments."

### **Dr Theodore Baroodly**

*Author of "Alkalize or Die"*

"The countless names attached to illness do not really matter. What does matter is that they all come from the same root cause ....too much tissue acid waste in the body! Discover what tissue acid wastes are present and begin the process of alkalizing yourself, thus ridding them from the body -- the result being superior health, energy and strength to enjoy life fully."

### **Anthony Rob- bins**

*Author of "Awaken  
The Giant Within"  
& "Energy for Life"  
DVD*

"Alkalize your body and live a healthier, more energized, and ultimately more fulfilling life. Our acid-alkaline balance is a baseline determinant of our physical health. When you break your old eating patterns, you will find yourself getting back to the real you, filled with the vitality and energy that you desire and deserve."
